

Established in 1985, Cinzac has grown from a one-man organization to a leading engineering services company in the last 34 years. Our first partnership was with Ashok Leyland, as dealers of their Industrial Engines in 1986. Just a few years later we signed our second dealership agreement with Thermax Ltd, for the sale of boilers, hotwater generators, thermic fluid heaters, incinerators, water and waste water treatment products, services and solutions in Kerala.

We are the authorised distributor of OTR & IND tyres for Balakrishna Tyres (BKT) for the state of Kerala. We are also the super stockist for Dorf Ketal performance fuel additives for the state of Kerala.

In the past we have been associated with L&T Komatsu from 2001 to 2021 for the Sales, Service and Parts support of their Construction Machinery throughout Kerala. We have also been associated with M/s Kion India (P) Ltd. For the Sales, Service and Parts support of their Material handling Equipment from 2010 to 2022.

Group Companies

Cinzac Sales & Services Pvt. Ltd.

Cinzac Sales & Services (CSS) has been involved in supplying and commissioning Thermax make heating, water and wastewater treatment equipment for over 20 years in Kerala. Vision & Mission

Vision

Our vision is to be the market leader in Kerala for all the segments that we cater to by 2025. We will achieve this by increasing our reach, improving the quality of our service and providing customized solutions.

Mission

- We aspire to achieve total customer satisfaction by providing world class products, services and solutions, in energy, environment, construction and materials handling.
- We hope to achieve this by employing highly skilled and motivated engineers, focused only on providing knowledge based services.
- Our challenge is to make the products and services we offer completely trouble free.
- Our aim is to address standard customer complaints within 12 hours.

The Cinzac Team

Sales

We have a total of 6 highly skilled and experienced sales engineers managing the sales of our different dealerships. These engineers are located strategically at different parts of Kerala to maximize our reach and effectively generate enquiries and convert them into orders. All our Engineers have been trained by our principals in the art of solution selling, enabling them to provide our customers with a holistic solution for their varied requirements. In addition, our sales engineers constantly communicate with each other and share market intelligence so as to ensure cross sale wherever possible.

Service

We have over 20 highly skilled and experienced service engineers throughout Kerala to help resolve customer complaints at the earliest. These engineers have been stationed in almost all the district headquarters in Kerala.

Cinzac Infrastructure

Corporate Office

As a commitment to our customers, principals and employees, the Cinzac group has invested in a state of the art corporate office with over 20,000 Sq.ft built up area. Our corporate office houses the back end teams for all our group companies and also acts as the stocking point for all our spares. With a total inventory in excess of Rs. 1.4 Lacs in spares, we are able to cater to every eventuality, providing on time delivery for any of the products supplied by us. The office also houses a 4,000 Sq.ft. training center dedicated for training and upgrading the skills of new and old service and sales engineers.
